Time Management
Self-Learning
Communication
Problem-Solving

LANGUAGE

Persian – Native
English – Proficient
French – Pre-Intermediate

SEPIDEH SHARIFANI

Junior Front-End Developer

CAREER OBJECTIVE

I used to work in a non-related field as an English tutor, full-time researcher, and interpreter in computer science. Recently due to my passion for promoting myself as a web developer, I'm trying to elevate my skills in web and front-end development. I am truly eager to learn how to develop a professional website, in light of the fact that I have a plan on changing my career.

I consider myself a responsible, and punctual person. At the moment I'm passing Coursera's "Meta Front-End Developer Professional courses" and gaining certificates in different fields of version control, React, UI/UX design.

WORK EXPERIENCE

Emza Hamrah (Kharazmi University)
Researcher, Interpreter
Iran, Tehran
May 2020
